

Additional Charges and Cancellation of your Policy

Your Admiral policy is administered and arranged by EUI Limited. EUI Limited may levy charges or fees to cover costs in arranging and handling your policy and any additional products included. These charges are shown below and will be applied at the time of any changes to your policy or cancellation. Any charges will be collected using the payment details you have already provided.

Cancellation Rights – Motor Insurance Policy

- £47.50** If you cancel this policy at any point before the end of its term, EUI will charge a £47.50 administration charge and the insurer will also make a charge for the time on cover. If a claim has been made the full premium for the year will be due.
- £25.00** If only one car is cancelled but the whole policy remains in force, an administration charge of £25.00 per car will apply. If you have more than one car on cover you would have received a discount on your overall premium. If any car is removed during the policy term the entitlement to a discount is lost. Consequently, the premium will be adjusted for each car.
- £22.50** If you cancel within the 14 day cooling-off period, we reserve the right to charge you £22.50 to cover the costs involved in setting up your policy.

£20.00 If an outstanding debt is referred to a debt agency.

Administration Fees

£17.50 In the event of a change to the policy or should we be required to reissue documentation.

£7.95 If you have opted to take a Payment Holiday this is charged at £7.95 and is included in your car insurance premium.

£5.95 Credit Card Fee.

Cancellation Rights – Ancillary Products (excluding Premium Protector)

£5.00 If you cancel outside the 14 day cancellation period, additional charges, including a £5.00 cancellation fee for each product cancelled will apply for the time on cover.
