

# Good news about your Admiral Instalment Protection Plan!

Here at Admiral we strive to provide you with the best possible service and products, therefore we are continuously reviewing these cover options to ensure that you get the high quality insurance package you deserve.

From the 1st October 2011 Admiral is enhancing your Instalment Protection Plan, by providing protection for the entire monthly premium should you wish to make a claim. Previously this was capped at £250 per month, but now this product will give you unlimited cover! We have changed the name to reflect this enhancement and this product is now called 'Admiral's Premium Protector' - offering you a more comprehensive package. The 'Premium Protector' is still provided by our current supplier, Jubilee, so you can be assured of the same standard of service as before.

We've also amended our pricing structure for this product, so it more accurately reflects the cover you're buying. So we're reducing the price for lower premiums, and increasing the price for our higher end premiums. The majority of our customers will benefit from this change, and will receive either a lower or an equal premium for their cover.

If, having applied for Admiral's Premium Protector (previously Instalment Protection Plan), you decide that you do not want the protection after all, simply contact Admiral and we will cancel the cover for you.
